Experience

WHD (White Hat Digital) Agency <i>Full Stack Developer - Freelance</i> - Built and maintained admin dashboards, restaurant platforms, and SaaS-style interfaces using React, Next.js, and Tailwind CSS, to enhance user engagement. - Developed and Secured backend data and API endpoints, improving platform security. - Integrated customizable themes for restaurant dashboards, offering flexibility in business management. - Assisted with deployment, hosting, and production releases, ensuring stable delivery pipelines.	May 2024 - Present <i>Casablanca, Morocco</i>
Software Lab <i>Web Developer Intern</i> - Developed responsive web interfaces using React and Metronic UI, increasing client satisfaction by 20%. - Integrated APIs using Axios and Fetch, improving data handling efficiency and frontend performance. - Collaborated with designers and backend developers to translate business requirements into functional UI components.	Jun 2023 - Oct 2023 <i>Remote</i>

Projects

Money's Outlet - E-commerce Platform | *Next.js, TypeScript, Tailwind CSS, Supabase*

- Built a modern e-commerce platform for premium sneakers and apparel, delivering a high-performance shopping experience.
- Implemented product catalogs, authentication, and database-backed inventory using Supabase.
- Designed responsive, conversion-focused UI with Tailwind CSS for optimal mobile and desktop experiences.

StreameFlix - Video Streaming Web App | *Next.js, Tailwind CSS, TMDB API*

- Built a responsive movie and TV streaming interface inspired by modern platforms, delivering a smooth content discovery experience.
- Integrated the TMDB API to fetch and display trending movies, TV shows, genres, and detailed media information.
- Implemented advanced search and genre-based filtering for improved user navigation and engagement.
- Designed a clean, mobile-first UI using Tailwind CSS with optimized layouts and fast page rendering.

Qlik Studios - Photography | *Next.js, Typescript, Tailwind CSS, Email.js*

- Designed and developed a dynamic portfolio website using Next.js, TypeScript, and Tailwind CSS to showcase photography work and enhance user interaction.
- Enhanced the visual presentation of client photography, improving content accessibility and overall user experience.
- Developed a user-friendly interface for browsing services and scheduling appointments, streamlining the booking process.

PTM - Personalized Proposal Platform | *Next.js, TypeScript, Email.js, Tailwind CSS, Node.js, Express.js, MongoDB, JWT*

- Built a full-stack platform enabling users to create and share personalized proposal links with real-time responses.
- Designed a modern, emotionally engaging UI using Next.js and Tailwind CSS to maximize usability and conversion.
- Developed secure REST APIs with JWT authentication and MongoDB for scalable data storage and backend reliability.
- Integrated Email.js for automated notifications and proposal delivery workflows.

Technical Skills

- **Frontend:** React, Next.js, TypeScript, Tailwind CSS, HTML, CSS3, Redux, Zustand
- **Backend:** Node.js, Express, Laravel, MongoDB, MySQL, REST APIs, JWT, Firebase
- **Dev Tools:** Git, GitHub, Docker, Postman, Figma, Vercel
- **Concepts:** AI, SaaS Architecture, Authentication, API Design, Performance Optimization, Agile
- **Languages:** JavaScript, TypeScript, PHP, Python

Languages

- English
- French
